HARFLER VE İSİMLERİ........ 76

ÖN SÖZ

Ülkemizde farklı zaman aralıklarında engelli bireylere yönelik araştırmalar yapılmış olmasına rağmen işitme engelli bireylerin nüfusu hakkında sağlıklı istatistiki veriler bulunmamaktadır. Orta ve ileri düzeyde işitme kaybı yaşayan, altı yüz bin ile dokuz yüz bin arasında işitme engelli vatandaşımızın olduğu tahmin edilmektedir.

Çeşitli kurum ve kuruluşların işitme engelli bireylere yönelik işaret diliyle materyal çalışmalarına Diyanet İşleri Başkanlığı da 2012 yılında hazırlıklarına başladığı *Türk İşaret Dili Dini Kavramlar Sözlüğü* ile dâhil olmuştur. Bu sözlük ile alanında öncü bir rol üstlenmiştir. Ayrıca 2014 ve 2015 yıllarında 81 ilden Kur'an kursu öğreticileri ve din görevlilerine verilen işaret dili eğitimleri ile ülke genelinde farklı yaş gruplarındaki kadın ve erkek işitme engelliler için camiler ve Kur'an kurslarında resmi olarak yaygın din eğitimi faaliyetleri başlamıştır.

Kur'an-ı Kerim tilavetinde bulunmanın mahreç ve ses temelli olması, işitme engelliler tarafından okunamayacağı anlamına gelmemektedir. Her ne kadar seslerin yapılarını, mahreçlerini ve bazı inceliklerini ortaya koyamasalar da alacakları eğitim sayesinde parmak alfabesi aracılığı ile harfler bir araya getirilerek ayetler okunabilmekte, takibi ve değerlendirmesi kolaylıkla yapılabilmektedir.

Türkçe metinleri okuma-yazma konusunda güçlüklerle karşılaşıyor olmalarından dolayı Kur'an-ı Kerim okumasını öğrenmeleri, dua ve sureleri ezberlemeleri neredeyse imkânsız olarak görülen işitme engelli bireyler, işaret dili öğrenen Kur'an kursu öğreticileri ve din görevlilerinin yardımıyla zannedildiğinin aksine hızlı bir şekilde Kur'an-ı Kerim okumaya başlamışlardır.

Çok sayıda örneğin bulunduğu bir *Elif-Bâ* cüzünün, işitme engelli bireylerin Kur'an-ı Kerim öğretimi için büyük önem taşıyacağı şeklindeki görüşler ve işitme engelli bireylerden gelen yoğun talepler, böyle bir çalışmanın yapılmasını gerekli kılmıştır. Bu ihtiyacı karşılamak amacıyla işitme engelli bireyler, Diyanet İşleri Başkanlığı ve Milli Eğitim Bakanlığı uzmanları ile akademisyenlerden oluşan bir komisyon kurularak hazırlıklara başlanmıştır. Bu sürecin sonunda *İşitme Engellilere Özel Elif-Bâ* isimli çalışmamızın *Harfler ve Kelimeler* kitabı tamamlanmıştır.

Diyanet İşleri Başkanlığı

GİRİŞ

Peygamber Efendimiz (s.a.s.) *“Sizin en hayırlınız Kur’an-ı Kerim’i öğrenen ve öğretendir.”* buyuruyor. İşitme engelliler duymuyor, konuşamıyor ama parmaklarıyla gönülden Kur’an-ı Kerim’i okuyabiliyorlar. Kur’an okumayı öğrendikleri zaman çok mutlu olduklarını söylüyorlar. Dudakların susup ellerin konuştuğu gün gelmeden önce işitme engelli kardeşlerimizin ellerini Kur’an-ı Kerim’le buluşturalım.

Kur’an-ı Kerim’i okumaya engel yoktur şiarıyla, bu alanda uzman olan eğitimcilerle çalıştaylar yapıldı. Bu çalıştaylarda alınan kararlar bir yıl boyunca işitme engelli öğrencilere ders olarak okutuldu. Anlaşılırlık, derse katılım, eğitsel değer açısından uygun olan kararlar *Elif-Bâ*’da yer aldı.

Bu *Elif-Bâ*, Diyanet İşleri Başkanlığı tarafından basılan *Elif-Bâ*’lar temel alınarak hazırlanmıştır. İslam dünyasında yapılan çalışmalar incelendi ve işitme engellilerle istişareler yapıldı. Bu istişareler neticesinde komisyonumuz, Türk Dil Kurumu tarafından kabul edilen Türk İşaret Dili Alfabesi’nin kullanılmasına karar verdi.

Türkiye’de yaklaşık 10 yıldır Türk İşaret Dili Alfabesi ile Kur’an Eğitimi yapılmaktadır. Türk İşaret Dili Alfabesi’nin özüne sadık kalarak, harflerin kalınlık, incelik ve pelteklik özellikleri renklerle ifade edilmiştir. Buna göre siyah renk ince harfleri, kırmızı renk kalın harfleri, mavi renk peltek harfleri, yeşil renk de ince boğaz harflerini temsil etmektedir. Ayn harfi için ters tırnak (‘) işareti, cezimli hemze için de tırnak (’) işareti belirlenmiştir.

Öğrenmeyi kolaylaştırmak amacıyla, harfler sıralama ve şekil benzerliği dikkate alınarak 7 gruba ayrılmıştır, her grubun sonuna 3 alıştırma sayfası bir de okuma sayfası ilave edilmiştir.

Sayfalar ve alıştırmalar işitme engelli algısına uygun sadelikte uzmanı tarafından tasarlanmıştır. İşitme engellilerin öğrenimlerini kolaylaştırmak amacıyla harflerin yalnızca seslerine yer verilmiştir. İşitme engelliler duymadıkları için çabuk unutuyorlar, bu sebeple *Elif-Bâ*’da öğrenmeyi zevkli ve eğlenceli hâle getiren bolca alıştırma ve tekrara yer verilmiştir.

Uzatma konusu işitme engellilere sunulmuş, iki aa, iki ii, iki üü ve dört aaaa olarak daha kolay kavradıkları gözlenmiş ve *Elif-Bâ*’da bu şekilde yer almıştır. Şapkalı ââ inceltme anlamında kullanılmıştır.

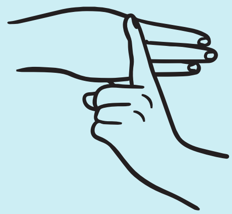
HAREKELER

ÜSTÜN
İnce harfleri “e”,
kalın harfleri “a”
sesiyle okutur.



ESRE
İnce harfleri
“**i**”sesiyle,
Kalın harfleri
“**ı-i**” arası bir
sesle okutur.

ÖTRE
İnce harfleri “ü”,
kalın harfleri “u”
sesiyle okutur.
